Worksheet for Technical Review of Working Draft of Proposed Permit

Company Name:	Pentair Pump Group Inc. – Delta Environmental Products	AI #:	80537	TEMPO Activity No:	PER20080001
Facility Name:	Denham Springs Operation	Remarks Submitted by:	Stephanie Bailey, Providence		
Permit Writer:	Traci Green	Permit Writer Email address:	Traci.green@la.gov		

Instructions

Permit Reference – Indicate specific portion(s) of the permit to which the remark relates (i.e. "Specific Condition 120", or "Section II Air Permit Briefing Sheet", etc.).

Remarks – Explain the basis for each remark. Provide regulatory citations where possible. If the remark is made due to an error or omission in the permit application this must be noted and the revised information ***must be submitted.*** Revised information may be submitted separately from this worksheet. Please be aware that revised information must be submitted in writing and certified by the Responsible Official, and if necessary, by a Professional Engineer licensed in Louisiana. *Please Note:* New or additional equipment, processes or operating conditions not addressed in the original permit application will be addressed on a case-by-case basis. The Department reserves the right to address such changes in a separate permit action.

DEQ Response – ***DO NOT COMPLETE THIS SECTION.*** This section will be completed by Air Permits Division of DEQ, included in the proposed permit package and made available for public review during the public comment period.

- Additional rows may be added as necessary.
- Completed Form shall be emailed to the Permit writer in MS Word compatible format within the deadline specified in the email notification.

Permit Reference	Remarks	Air Permits Division Response (for official use only)
All Permit Documents	Throughout the documents Delta Environmental Products (Delta) and Pentair Pump Group are used interchangeably. It is a bit confusing to read if you are not familiar with the company structure. For consistency, please use the name "Pentair Pump Group Inc – Delta Environmental Products" (Pentair). Additionally, please remove "Inc." removed from all occurrences of the name "Delta Environmental Products, Inc." A request of name change in conjunction with an Owner/Operator Change Form was submitted 02/23/2005 to have "Inc." removed.	Changes made.
Statement of Basis Section II Facility & Current Permit Status, paragraph 2 Air Permit Briefing	"Lubricating oil is applied to the mold surface prior the application of fiberglass material; there are no volatile emissions associated with the lubricating material." Delta no longer uses lubricating oil in the process. Delta would like this statement removed from the process description or would like it noted in the modification text sections that they no longer use the	Change made.

Sheet Section III	lubricating oil.	
Statement of Basis Section II Facility & Current Permit Status, paragraph 3	"...vents (capped at 43.45 tons/yr)." Should read "vents (capped at 41.32 tons/yr)." per the additional information submittal.	Change made.
Regulatory Matrix AREI Painting & Blasting	The matrix indicates LAC 33:III.2103 is applicable for this source. There are no specific requirements listed for this source for LAC 33:III.2103.	Change made to the table.
Regulatory Matrix EQT2 Filtration System Vent Stack	The matrix indicates LAC 33:III.Ch 13 is applicable for this source. There are no specific requirements listed for this source for LAC 33:III.Ch 13.	Change made to the table.
Regulatory Matrix EQT1 Fiberglass Resin Storage Tank & EQT2 Filtration System Vent Stack	Misplaced "1" in the NESHAP WWWW column. The matrix indicates 40 CFR 63 Subpart WWWW is applicable for EQT1 rather than EQT2.	Change made to the table.
