FAX: 225-219-3158 Questions: 225-219-3070

PROCEDURES TO APPROVE EMERGENCY DEBRIS MANAGEMENT SITES FOR HURRICANE GENERATED DEBRIS

- Complete the attached **EMERGENCY DEBRIS MANAGEMENT SITE REQUEST FORM**, specifically note whether the site was used previously.

- To aid in selecting an appropriate site, the following criteria should be considered:
 - What is the proposed use for the site?
 - Is it easily accessible?
 - Is it removed from obstructions, such as power lines and pipelines?
 - Are there any issues concerning environmental characteristics, such as wetlands, historic sites, etc.?
 - Is the general site topography conducive to the activities that will be conducted?
 - Is the soil type suitable for its intended use?
 - Are there nearby residences and/or businesses that will be inconvenienced or adversely affected by use of the site?
 - What is the proximity to occupied dwellings?
 - Is the size sufficient for its intended use?
 - Is the site located near water bodies, such as rivers, lakes, or streams?
 - What is its proximity to the impacted area?
 - Other pertinent information

- Once DEQ receives this request, the site suitability will be determined based on the information provided and/or inspection of the proposed site by DEQ personnel.

- The governing authority will be notified when the site is approved.

The site information will be available to the public on the DEQ website.
