TEMPORARY VARIANCE

Activity No.: PER20120003
Agency Interest No.: 87738

AGENCY INTEREST NAME: Stolthaven New Orleans, LLC - SHVNN Facility
PERMIT NO.: 2240-00304-V5
COMPANY NAME: Stolt-Nielsen Transportation Group, Inc

PHYSICAL LOCATION:
2444 English Turn Rd
Braithwaite Louisiana 70040

CONTACT:
Mr. Philip Watt
2444 English Turn Rd
Braithwaite, LA 70040

DESCRIPTION: Stolthaven New Orleans, LLC (Stolthaven) owns and operates SHVNN facility, a for hire storage facility. The facility, located in Braithwaite, Plaquemines Parish currently operates under Permit no. 2245-00304-V5 issued August 8, 2011. As a result of Hurricane Isaac and the damage caused by storm surge, no natural gas is available to the facility. Consequently Flare No. 1, Emission Point F-1, which utilizes natural gas fueled pilot, is currently non-operational. In order to help return the facility to operational status, Stolthaven is requesting a variance to bring onsite and operate a temporary propane flare until the natural gas supply is restored at the facility, which is estimated to be at or above six months from today.

Stolthaven requests permission to use the temporary flare until the permitted flare becomes operational again.

ID NO.:	DESCRIPTION	MAX OPER. RATE or TANK CAPACITY	OPERATING TIME
FT	Temporary Flare		4380 hrs

EMISSION RATES - PER VARIANCE PERIOD

Pollutant	Tons
PM ₁₀	3.59
PM _{2.5}	3.59
