  - Your invoice was accompanied with Language instructing users to make any required updates to their inventories within 30 days. Please review the information below and contact the Data Collection and Evaluation Group to discuss these issues via the contact information listed below.
    - Because ERIC is not yet ready to accept changes to 2006 inventories, if your facility needs to make a change to your previous submittal, you are requested to contact Elizabeth Dequeant of DEQ Financial Services at phone number or email listed below to indicate that a change will be made once ERIC is back on-line.
    - Some functions in ERIC are temporarily unavailable. You may not create new inventories or make changes to prior year inventories during this time. We anticipate turning these functions back on prior to January 15, 2008.
    - Guidance for reporting 2007 emissions as well as changes in ERIC for 2008 emissions is located under the ERIC Resources tab on the left side of this page.
