

SW060 Workgroup Meeting Summary

5/20/2015, 1:30 - 3:00 PM
Pensacola Conference Room

The meeting began with a brief introduction of the Solid Waste contact people, then proceeded quickly commencing at the previous meeting's stopping point, LAC 33:VII.519 and progressed smoothly ending with a review of LAC 33:VII.721. Below are the comments submitted during the meeting:

LAC 33:VII.

Mr Ron Hendrick submitted: Separated materials at compost facility Removal Schedules?

Ms. Karen Khonsari submitted: The hazardous wasters allow use of industrial standards and RECAP. These regulations state non-industrial standards which are more restrictive/stringent than the hazardous waste regulations.

LAC 33:VII.525.F.3

Verbal comment from Mr Dwayne Johnson: Add "significant"

*F. 3. the facility has notified the Office of Environmental Compliance of any **significant** problems and corrective action measures associated with the integrity and effectiveness of the final cover;*
