

SW060 Workgroup Meeting 2015-5 Summary

6/3/2015, 1:30 - 3:00 PM
Pensacola Conference Room

The meeting began with a brief introduction of the Solid Waste contact people, then proceeded quickly commencing at the previous meeting's stopping point, LAC 33:VII.723 and progressed smoothly ending with a review of LAC 33:VII.10303 definitions. Below are the comments submitted during the meeting:

LAC 33:VII.

No written comments were submitted during or after this meeting.

LAC 33:VII.525.F.3

Verbal comment from Mr. Rod Hendrick: We still need to discuss composting regulations, or somehow address the fact that some facilities, operating under a LDAF BMP, are marketing product that is not mature compost. What good then are LDEQ composting regs if they are not followed and anyone can make/sell product that is not true compost?

Pat Devillier comment: currently there are no LDEQ-permitted composting facilities in La.

Mike Hahn comment: We can have a separate discussion on this at another place and time. At present we need to continue the draft SW060 review agenda.

LAC 33:VII.725.D.2.b

Verbal comment from someone: The citation LAC 33:VII.305.A.8.b.ii should be underlined since it is new.

LAC 33:VII.1303.H.2.b

Verbal comment from Dwayne Johnson (seconded by Will Steele): instead of 'owner's or operator's' the listing should be 'permit holder's, applicant's, or guarantor's' for consistency with 1303.H.

LAC 33:VII.1303.H.9

Verbal comment from Dwayne Johnson (seconded by Will Steele): The statement 'A certified copy of the guarantee must accompany the items . . .' should have 'corporate' placed before 'guarantee'.

LAC 33:VII.1399 Appendix J

Verbal comments from Dwayne Johnson (seconded by Will Steele): instead of ‘owner’s or operator’s’ the listing should be ‘permit holder’s, applicant’s, or guarantor’s’ for consistency with 1303.H.

In Appendix J, Recital number 5, the first sentence should be amended as ‘ . . . that he intends to provide alternative financial assurance as specified in ~~{insert “LAC 33:VII.1301 “ and/or “LAC 33:VII.1303”}~~ as applicable, . . . ’

In Appendix J, Recital number 9, the first sentence should be amended as ‘ . . . must comply with the applicable financial assurance requirements of ~~{insert “LAC 33:VII.1301 “ and/or “LAC 33:VII.1303”}~~ for the above-listed facility, . . . ’

In Appendix J, Recital number 10, the first sentence should be amended as ‘ . . . fails to provide alternative financial assurance as specified in ~~{insert “LAC 33:VII.1301 “ and/or “LAC 33:VII.1303”}~~ as applicable, . . . ’

LAC 33:VII.1501.A

Verbal comment from Dwayne Johnson: The phrase ‘initial or renewal’ should go before the word ‘permit’.

LAC 33:VII.3011

Note from Pat Devillier: This section will be overhauled with Chapter 11. Pat proposes a revised example notice (final closure of a solid waste unit) and a new example notice (land placement of beneficially-used SW).

LAC 33:VII.3017 Appendix I, Table 2

Verbal comment from Stan Hazard: Regarding the * specifications at end of Table 2, we need to check with LDEQ reg development to see if EDMS document references are allowable in regulation text.

LAC 33:VII.10303 Definitions

Verbal comment from Dwayne Johnson (seconded by Pat Devillier): The definition of *Process* here and in Section 115 should exclude compacting in stationary waste containers as well as in transportation vehicles. Pat thought he had corrected this from previous comments, but apparently had not. Also, the proposed exclusion for on-site evaporation of wastewaters in tanks should be moved to Section 301 somehow.

Verbal comment by Pat Devillier: Regarding the definition of Resource Recovery Activities, 'woodwaste' should be added to 'vegetative debris'.
