Correction of the Ozone Designation for Lafourche Parish

In the December 5, 1997, *Federal Register*, the U.S. EPA proposed a correction of the ozone designation for Lafourche Parish to ozone nonattainment. This action was effective on January 5, 1998. Provisions of LAC 33:III.504 are in effect for Lafourche Parish until such time as the one-hour ozone standard is revoked for that area.

Questions regarding this notice should be directed to Annette Sharp. Ms Sharp may be contacted at (504) 765-0914.
