SETTLEMENT

The following Settlement is hereby agreed to between FCC Environmental, LLC (“Respondent”) and the Department of Environmental Quality (“DEQ” or “the Department”), under authority granted by the Louisiana Environmental Quality Act, La. R.S. 30:2001, et seq. (“the Act”).

I

Respondent is a limited liability company that owns and/or operates a vacuum clean out truck located at the Todd’s Carwash facility in Lafayette, Lafayette Parish, Louisiana (“the Facility”).

II

On May 26, 2011, the Department issued to Respondent a Notice of Potential Penalty, Enforcement No. WE-PP-10-00622, which was based upon the following findings of fact:

On or about September 30, 2008, an inspection of a vacuum truck identified by Oklahoma license plate number 2MH-440, owned and/or operated by FCC Environmental, LLC (Respondent), was performed to determine the degree of compliance with the Louisiana Environmental Quality Act (the Act) and the Water Quality Regulations. During the inspection, the truck was located at 2309 West Pinhook Road in Lafayette, Lafayette Parish, Louisiana.

The following violation was noted during the course of the inspection:

The vacuum truck identified by Oklahoma license plate number 2MH-440 was on the site of Todd's Carwash during the inspection and had cleaned out the "mud" from the three tank separator system. Wastewater was discharging onto the ground from a hose connected to the vacuum truck. In addition, wastewater was discharging from the connection between the hose and the truck. The wastewater appeared grey to black in color, had a slight foul odor, and was discharging into the facility's storm drain. The storm drain is used as the facility's sampling point and is located downstream from the treatment system; therefore, the wastewater from the vacuum truck did not receive treatment before discharging into the unnamed ditch, thence into the Vermillion River, waters of the state. After being notified that the discharge from the truck was unauthorized, the truck driver along with an employee of the carwash began pressure washing the wastewater into the storm drain. The unauthorized discharge of wastewater is a violation of La. R.S. 30:2075, La. R.S. 30:2076 (A) (1) (a), La. R.S. 30:2076(A)(3), LAC 33:IX.501.A, LAC 33:IX.501.C, LAC 33:IX.501.D, and LAC 33:IX.2311.A.1.

III

Respondent denies it committed any violations or that it is liable for any fines, forfeitures and/or penalties.

IV

Nonetheless, Respondent, without making any admission of liability under state or federal statute or regulation, agrees to pay, and the Department agrees to accept, a payment in the amount of ONE THOUSAND AND NO/100 DOLLARS (\$1,000.00), of which Three Hundred Sixty-One and 24/100 Dollars (\$361.24) represents the Department's enforcement costs, in settlement of the claims set forth in this agreement. The total amount of money expended by Respondent on cash payments to the Department as described above, shall be considered a civil penalty for tax purposes, as required by La. R.S. 30:2050.7(E)(1).

V

Respondent further agrees that the Department may consider the inspection report(s), the Notice of Potential Penalty and this Settlement for the purpose of determining compliance history in connection with any future enforcement or permitting action by the Department against Respondent, and in any such action Respondent shall be estopped from objecting to the above-referenced documents being considered as proving the violations alleged herein for the

sole purpose of determining Respondent's compliance history.

VI

This agreement shall be considered a final order of the Secretary for all purposes, including, but not limited to, enforcement under La. R.S. 30:2025(G)(2), and Respondent hereby waives any right to administrative or judicial review of the terms of this agreement, except such review as may be required for interpretation of this agreement in any action by the Department to enforce this agreement.

VII

This settlement is being made in the interest of settling the state's claims and avoiding for both parties the expense and effort involved in litigation or an adjudicatory hearing. In agreeing to the compromise and settlement, the Department considered the factors for issuing civil penalties set forth in La. R. S. 30:2025(E) of the Act.

VIII

The Respondent has caused a public notice advertisement to be placed in the official journal of the parish governing authority in Lafayette Parish, Louisiana. The advertisement, in form, wording, and size approved by the Department, announced the availability of this settlement for public view and comment and the opportunity for a public hearing. Respondent has submitted an original proof-of-publication affidavit and an original public notice to the Department and, as of the date this Settlement is executed on behalf of the Department, more than forty-five (45) days have elapsed since publication of the notice.

IX

Payment is to be made within ten (10) days from notice of the Secretary's signature. If payment is not received within that time, this Agreement is voidable at the option of the Department. Payments are to be made by check, payable to the Department of Environmental Quality, and mailed or delivered to the attention of Accountant Administrator, Financial Services

Division, Department of Environmental Quality, Post Office Box 4303, Baton Rouge, Louisiana, 70821-4303. Each payment shall be accompanied by a completed Settlement Payment Form (Exhibit A).

X

In consideration of the above, any claims for penalties are hereby compromised and settled in accordance with the terms of this Settlement.

XI

Each undersigned representative of the parties certifies that he or she is fully authorized to execute this Settlement Agreement on behalf of his or her respective party, and to legally bind such party to its terms and conditions.
