**DEQ COMMUNICATIONS SECTION TRANSFERS TO ITS NEW HOME**

(Baton Rouge)--The staff of the Communications Section of the Louisiana Department of Environmental Quality (DEQ) isn't lost but we have a new home and new phone numbers. Our new location is the 10<sup>th</sup> floor of the Galvez Building, 602 North Fifth Street in the heart of downtown Baton Rouge. Despite the fact that a move can be disruptive, we don't want a disruption in the free flow of information to and from the media and the public. We stand ready, willing and able to answer your questions, provide you with information and even to help you find people you may have lost in the move. We'll be happy to hear from you and to help any way we can. Please make a note of the telephone numbers listed below and contact the Communications Section for your information needs.

Communications Section Numbers

225-219-3960

225-219-3964

225-219-3966

225-219-3967

Fax Number – 225-219-3971
