Telephone: 225.219.3964

MEDIA ADVISORY

State to demonstrate Mobile Air Monitoring Lab at ULL

What: The Department of Environmental Quality will introduce its new Mobile Air Monitoring Laboratory to the Lafayette area. The MAML is a 2006 Winnebago that has been equipped with state-of-the art monitoring equipment.

When: 9:30-10:30 a.m., Thursday Oct. 12.

Where: University of Louisiana Lafayette
Hamilton Hall parking lot, 611 McKinley Street, across from the Student Union

Why: The MAML will help the department take air samples throughout the state and will be used to ensure the public that Louisiana meets all state and federal air quality standards.
