DEQ announces 2011 Sanitary Wastewater Compliance Assistance Training in Ruston

BATON ROUGE –The Louisiana Department of Environmental Quality will be conducting a free training class in sanitary wastewater compliance assistance in Ruston. The purpose of the SWAT class is to help the smaller businesses and municipalities understand the requirements of DEQ-issued wastewater discharge permits. While the classes are geared to facilities that discharge less than 25,000 gallons per day, they are open to all size facilities.

The class will be held as follows:

- **Ruston** - June 16, 8:30 a.m.to 12:30 p.m.
Civic Center
401 N. Trenton

For more information or to register for SWAT classes by email, send your name, phone number, LPDES permit number, and the date of the class you wish to attend to deqswat@la.gov. These classes qualify for four hours of continuing education credit for DHH-certified operators. For more information call Wayne Slater at 225-219-3729.
