Request for Comments on Regulatory Permits
(0609Pot2)

Act 115 of the 2006 Regular Session of the Louisiana Legislature authorized the Department of Environmental Quality to develop regulatory permits for certain air emissions and water discharges. Act 115 requires the secretary to consider which activities are appropriate for coverage under regulatory permits and to publish an initial list of such activities no later than January 1, 2007.

The department seeks written comments from interested parties regarding activities appropriate for consideration of coverage under regulatory permits as the required list is being developed. The comments may suggest activities or sources appropriate for regulatory permits, or those for which regulatory permits should not be considered.

Comments related to air emissions should be submitted to Cheryl Sonnier Nolan, Office of Environmental Services, Air Permits Division, Box 4313, Baton Rouge, LA 70821-4313.

Comments related to water discharges should be submitted to Lenny Young, Office of Environmental Services, Water Permits Division, Box 4313, Baton Rouge, LA 70821-4313.

Comments are due no later than 4:30 p.m., October 27, 2006. For further information, contact Cheryl Sonnier Nolan, Office of Environmental Services, Air Permits Division, at 225-219-3010 or cheryl.nolan@la.gov.
