This form is used to notify the LDEQ of lead hazards as required in LAC 33:III.2813.B. The owner or operator of a facility must sign and submit this form in accordance with LAC 33:III.Chapter 28. Section II must be completed and signed by the accredited lead inspector/risk assessor. The signed original of this form shall be submitted to the LDEQ at one of the addresses, above. Results of the inspection/risk assessment report and all sample data must be included with this notification form. Submittal of incomplete information will delay processing of the form. Please type or print.

I. Notification

V. Statutory and Regulatory Acknowledgment; LDEQ Receipt of Documentation

OWNER OR OPERATOR CERTIFICATION STATEMENT

- A. I hereby certify that the information provided is true and accurate in accordance with La. R.S. 30:2025.F(2)(a), which states that any person who willfully or knowingly makes any false statement, representation, or certification in any form, application, record, label, manifest, report, plan, or other document filed or required to be maintained under this Subtitle is subject to penalties with conviction of civil and criminal actions.
- B. I understand that I am required to maintain, and make available upon request, documentation demonstrating that all required inspections, risk assessments, abatement, or remediation activities were conducted in accordance with federal and state requirements, per R.S.30:2351.28(B).
- C. I understand that further lead testing may be required if major alterations are initiated through renovation or remodeling, or if lead hazards are thereafter found on the premises, per R.S.30:2351.28(C)(2).
- D. I understand that civil and criminal penalties may be assessed under La. R.S. 30:2025 and La. R.S. 30:2351.25 for failure to comply with the regulations of LAC 33:III.Chapter 28.
- E. I understand that the LDEQ's receipt of a risk assessment report, documentation of a prior lead inspection, lead risk assessment, or lead abatement/lead remediation does not constitute LDEQ's independent certification or verification of the technical adequacy, methodology, completeness or professional conclusion contained in the documentation.
