PROCEEDINGS UNDER THE LOUISIANA

ENVIRONMENTAL QUALITY ACT LA. R.S. 30:2001, <u>ET SEQ.</u>

SETTLEMENT AGREEMENT

The following Settlement Agreement is hereby agreed to between Physicians Behavioral Hospital, L.L.C. ("Respondent") and the Department of Environmental Quality ("DEQ" or "the Department"), under authority granted by the Louisiana Environmental Quality Act, La. R.S. 30:2001, et seq. ("the Act").

Ι

Respondent is a limited liability company that owns and/or operates a hospital located in Shreveport, Caddo Parish, Louisiana ("the Facility").

II

On April 19, 2024, the Department issued to Respondent a Consolidated Compliance Order & Notice of Potential Penalty, Enforcement Tracking No. AE-CN-23-00716 (Exhibit 1).

Ш

In response to the Consolidated Compliance Order & Notice of Potential Penalty, Respondent made a timely request for a hearing.

Respondent denies it committed any violations or that it is liable for any fines, forfeitures and/or penalties.

V

Nonetheless, Respondent, without making any admission of liability under state or federal statute or regulation, agrees to pay, and the Department agrees to accept, a payment in the amount of FIFTEEN THOUSAND FOUR HUNDRED THREE AND NO/100 DOLLARS (\$15,403.00), of which One Thousand One Hundred Thirty-Three and 94/100 Dollars (\$1,133.94) represents the Department's enforcement costs, in settlement of the claims set forth in this Settlement Agreement. The total amount of money expended by Respondent on cash payments to the Department as described above, shall be considered a civil penalty for tax purposes, as required by La. R.S. 30:2050.7(E)(1).

VI

Respondent further agrees that the Department may consider the inspection report(s), the Consolidated Compliance Order & Notice of Potential Penalty and this Settlement Agreement for the purpose of determining compliance history in connection with any future enforcement or permitting action by the Department against Respondent, and in any such action Respondent shall be estopped from objecting to the above-referenced documents being considered as proving the violations alleged herein for the sole purpose of determining Respondent's compliance history.

VII

This Settlement Agreement shall be considered a final order of the Secretary for all purposes, including, but not limited to, enforcement under La. R.S. 30:2025(G)(2), and Respondent hereby waives any right to administrative or judicial review of the terms of this agreement, except such

review as may be required for interpretation of this Settlement Agreement in any action by the Department to enforce this Settlement Agreement.

VIII

This Settlement Agreement is being made in the interest of settling the state's claims and avoiding for both parties the expense and effort involved in litigation or an adjudicatory hearing. In agreeing to the compromise and Settlement Agreement, the Department considered the factors for issuing civil penalties set forth in La. R.S. 30:2025(E) of the Act.

IX

As required by law, the Department has submitted this Settlement Agreement to the Louisiana Attorney General for approval or rejection. The Attorney General's concurrence is appended to this Settlement Agreement.

X

The Respondent has caused a public notice advertisement to be placed in the official journal of the parish governing authority in Caddo Parish, Louisiana. The advertisement, in form and wording approved by the Department, announced the availability of this Settlement Agreement for public view and comment and the opportunity for a public hearing. Respondent has submitted an original proof-of-publication affidavit and an original public notice to the Department and, as of the date this Settlement Agreement is executed on behalf of the Department, more than forty-five (45) days have elapsed since publication of the notice.

XI

Payment is to be made within thirty (30) days from notice of the Secretary's signature. If payment is not received within that time, this Settlement Agreement is voidable at the option of the Department. The Respondent shall provide its tax identification number when submitting payment.

Payments are to be made by check, payable to the Department of Environmental Quality, and mailed or delivered to the attention of Accountant Administrator, Financial Services Division, Department of Environmental Quality, Post Office Box 4303, Baton Rouge, Louisiana, 70821-4303 or by Electronic Funds Transfer (EFT) to the Department of Environmental Quality, in accordance with instructions provided to Respondent by the Financial Services Division. Each payment shall be accompanied by a completed Settlement Payment Form attached hereto.

XII

In consideration of the above, any claims for penalties are hereby compromised and settled in accordance with the terms of this Settlement Agreement.

XIII

Each undersigned representative of the parties certifies that he or she is fully authorized to execute this Settlement Agreement on behalf of his or her respective party, and to legally bind such party to its terms and conditions.

This CONSOLIDATED COMPLIANCE ORDER & NOTICE OF POTENTIAL PENALTY is issued by the Louisiana Department of Environmental Quality (the Department), under the authority granted by the Louisiana Environmental Quality Act (the Act), La. R.S. 30:2001, et seq., and particularly by La. R.S. 30:2025(C), 30:2050.2 and 30:2050.3(B).

An authorized representative of the Department inspected the abovementioned facility or conducted a file review of the facility to determine the degree of compliance with regulations promulgated in the Louisiana Administrative Code, Title 33. The State regulatory citations for the violation(s) identified during the inspection and/or file review are indicated below.

- The Respondent owns and/or operates a hospital located at 2025 Desoto Street in Shreveport, Caddo Parish, Louisiana.
- On or about June 15, 2023, the Louisiana Department of Environmental Quality (Department) received an anonymous complaint (incident No. 214581) alleging that the Respondent was remodeling a wing of the hospital and removing mastic flooring that likely

On or about June 15, 2023, a Department inspector performed an on-site investigation at the facility and noted a dumpster in the parking lot of the facility containing a variety of trash and construction materials, it was further noted that a hallway in the outpatient section of the hospital was being renovated by hospital staff and was not sealed from employees and patients. A representative of the Respondent stated the hospital had been tested for asbestos and the report came back negative. The inspection report was requested on the day of the inspection, as well as, on June 22, 2023 via email. On or about July 5, 2023, a representative of the Respondent provided results from a lab analysis, but not a full inspection report. The lab analysis dated December 13, 2019 indicated the black mastic that was sampled contained 6% chrysotile asbestos. On or about July 25, 2023, a representative of the Respondent stated that tile had been removed from the facility and that the mastic below the tile had been scraped in order to put new tile down. The inspector observed that the area of the scraped mastic exceeded the 64 square foot threshold in LAC 33:III.5151.F.1.e.l.(b).

The facility is subject to the requirements of LAC 33:III.5151. In accordance with LAC 33:III.5151.F.1.d, if a facility is demolished or renovated prior to an inspection or notification, then all debris at the site is categorized as asbestos-contaminated debris (ACO) unless the owner/operator affirmatively demonstr

	Date of Violation	natur animatively demonstrates there is no Asbestos-Containing Materials (ACM) in the debris.
v.	Inspection(s) June 15, 2023	The Respondent failed to either assume that regulated asbestos-containing material (RACM) is present or have the affected facility inspected for the presence of asbestos prior to the commencement of the renovation. Specifically, an inspection report from an accredited inspector was not provided and waste materials were placed in a rented construction/demolition bin on-site. Failure to either assume that RACM is present or have an accredited inspector thoroughly inspect the affected facility or part of the facility where a demolition or renovation operation will not up to the presence of actions of the facility.
vī.	inspection(s) June 15, 2023	and Category II non-friable ACM, prior to the commencement of the demolition or renovation is a violation of LAC 33:III.5151.F.1 and La. R.S. 30:2057[A](2). The Respondent began an asbestos renovation project prior to notifying the Department. Specifically, an AAC-2 was not submitted to the Department. Commencement of an asbestos renovation or demolition project, or asbestos-contaminated debris activity (ACDA) prior to an asbestos notification of renovation and demolition form AAC-2 being received by the Department is a violation of LAC 33:III.5151.F.1.I, La. R.S. 30:2057(A)(1), and La. R.S. 30:2057(A)(2).
71.	Inspection(s) June 15, 2023	The Respondent failed to have an asbestos abatement contractor/supervisor physically present during a renovation activity. Specifically, the renovation was performed by temporary staff employed by the Respondent. Failure to have at least one asbestos abatement contractor/supervisor trained in accordance with LAC 33:iii.5151.P physically present during a demolition or renovation activity that disturbs RACM or ACDA is a violation of LAC 33:iii.5151.F.3.h.i and ta. 8.5. 30:2057(A)(2)
ın.	Inspection(s) June 15, 2023	The Respondent failed to ensure that all asbestos abatement workers who were performing renovation activity that disturbs RACM were accredited in accordance with LAC 33:III.5151.P. Specifically, the renovation was performed by temporary staff employed by the Respondent. Failure to ensure all asbestos abatement workers who are performing demolition or renovation activity that disturbs RACM or ACDA are trained in accordance LAC 33:III.5151.P and supervised by a trained asbestos contractor/supervisor is a violation of LAC 33:III.5151.F.3.h.ii and La. R.S. 30:2057(A)(2).

ised on the foregoing, the Respondent is hereby ordered to comply with the requirements that are indicated below:

- To take, immediately upon receipt of this COMPLIANCE ORDER, any and all steps necessary to meet and maintain compliance with the Air Quality Regulations. This shall include, but not be limited to; correcting all of the violations described in the "Findings of Fact" portion.
- To submit to the Enforcement Division, within thirty (30) days after receipt of this COMPLIANCE ORDER, documentation of the square footage renovated and copies of all disposal receipts for the waste generated from the renovation referenced in Findings of Fact Paragraphs II and III.

WHAT IS A SETTLEMENT AGREEMENT?

Once the Department has determined that a penalty is warranted for a violation, the Assistant Secretary of the Department, with the concurrence of the Attorney General, may enter into a settlement agreement with the Respondent as a means to resolve the Department's claim for a penalty.

HOW DOES THE SETTLEMENT AGREEMENT PROCESS WORK?

To begin the settlement agreement process, the Department must receive a written settlement offer. Once this offer is submitted, it is sent for approval by the Assistant Secretary of the Office of Environmental Compliance. The formal Settlement Agreement is drafted and sent to the Attorney General's office where the Attorney General has a 90 day concurrence period. During this time, the Respondent is required to run a public notice in an official journal and/or newspaper of general circulation in each affected parish. After which, a 45 day public comment period is opened to allow the public to submit comments. Once the Department has received concurrence, the settlement agreement is signed by both parties. The Department then forwards a letter to the responsible party to establish a payment plan and/or beneficial environmental project (BEP).

WHAT SHOULD I INCLUDE IN A SETTLEMENT AGREEMENT?

The Department uses the penalty determination method defined in LAC 33:1.705 as a guideline to accepting settlement offers. The penalty matrix is used to determine a penalty range for each violation based on the two violation specific factors, the nature and gravity of the violation and the degree of risk/impact to human health and property.

	NATURE AND GRAVITY OF THE VIOLATION			
		\$32,500	\$20,000	\$15,000
MC1 K		to	to	to
H OF		\$20,000	\$15,000	\$11,000
40 K		\$11,000	\$8,000	\$5,000
INS SM H OPE		to	to	to
1. CF 10.17A 17A	g 1940. Namazan da 1961	\$8,000	\$5,000	\$3,000
10 H		\$3,000	\$1,500	\$500
DC		ta	to	to
		\$1,500	\$ 500	\$100

Degree of Risk to Human Health or Property

Major: (actual measurable harm or substantial risk of harm) A violation of major impact to an environmental resource or a hazard characterized by high volume and/or frequent occurrence and/or high pollutant concentration.

Moderate: (potential for measurable detrimental impact) A violation of moderate impact and hazard may be one characterized by occasional occurrence and/or pollutant concentration that may be expected to have a detrimental effect under certain conditions

Minor (no harm or risk of harm) A violation of minor impact are isolated single incidences and that cause no measurable detrimental effect or are administrative in nature.

Nature and Gravity of the Violation

Major: Violations of statutes, regulations, orders, permit limits, or permit requirements that result in negating the intent of the requirement to such an extent that little or no implementation of requirements occurred.

Moderate: Violations that result in substantially negating the intent of the requirements, but some implementation of the requirements occurred. Minor: Violations that result in some deviation from the intent of the requirement; however, substantial implementation is demonstrated.

The range is adjusted using the following violator specific factors:

- 1. history of previous violations or repeated noncompliance;
- 2. gross revenues generated by the respondent,
- 3. degree of culpability, recalcitrance, defiance, or indifference to regulations or orders;
- 4. whether the Respondent has failed to mitigate or to make a reasonable attempt to mitigate the damages caused by the violation; and
- 5. whether the violation and the surrounding circumstances were immediately reported to the department, and whether the violation was concealed or there was an attempt to conceal by the Respondent.

Given the previous information, the following formula is used to obtain a penalty amount.

Penalty Event Total = Penalty Event Minimum + (Adjustment Percentage x (Penalty Event Maximum - Penalty Event Minimum))

After this, the Department adds any monetary benefit of noncompliance to the penalty event. In the event that a monetary benefit is gained due to the delay of a cost that is ultimately paid, the Department adds the applicable judicial interest. Finally, the Department adds all response costs including, but not limited to, the cost of conducting inspections, and the staff time devoted to the preparation of reports and issuing enforcement actions.

WHAT IS A BEP?

A BEP is a project that provides for environmental mitigation which the respondent is not otherwise legally required to perform, but which the defendant/respondent agrees to undertake as a component of the settlement agreement.

Project categories for BEPs include public health, pollution prevention, pollution reduction, environmental restoration and protection, assessments and audits, environmental compliance promotion, and emergency planning, preparedness and response. Other projects may be considered if the Department determines that these projects have environmental merit and is otherwise fully consistent with the intent of the BEP regulations.

WHAT HAPPENS IF MY OFFER IS REJECTED?

If an offer is rejected by the Assistant Secretary, the Legal Division will contact the responsible party, or anyone designated as an appropriate contact in the settlement offer, to discuss any discrepancies.
