I. Policy

The Louisiana Department of Environmental Quality (LDEQ) is fully committed to ensuring compliance with the requirements of the Americans with Disabilities Act and its Amending Act of 2008 (collectively ADA) to include:

A. Title I

Prohibits discrimination against qualified individuals with disabilities in all employment practices, including recruitment, hiring, advancement, compensation, fringe benefits, job training and other terms, conditions and privileges of employment. Upon request, the LDEQ shall engage in an interactive process and may approve a reasonable accommodation, unless the Requestor is not a qualified individual; doing so poses an undue hardship to the agency; or poses a direct threat to the health or safety of the individual with a disability or others.

B. Title II

Ensures qualified individuals with disabilities have equal access to the full range of programs, services, activities, and facilities of the agency. Upon request, the LDEQ may provide a reasonable accommodation, unless the Requestor is not a qualified individual; doing so would fundamentally alter the LDEQ's service, program, or activity; or poses an undue hardship to the agency; or poses a direct threat to the health or safety of the individual with a disability or to others.

II. Purpose

The purpose of this policy is to outline the LDEQ's standards and procedures for purposes of ADA compliance.

III. Applicability

This policy applies to all LDEQ employees, applicants for employment, and members of the general public who receive services from the LDEQ.

IV. Definitions

A. Disability

Under the ADA, an individual with a disability is a person who:

1. Has a physical or mental impairment that substantially limits one or more life activities;
2. Has a record of such impairment;
3. Is regarded as having such impairment as described above.

B. Impairment

Any physiological, mental, or psychological disorder or condition, including those that are episodic or in remission, that substantially limits one or more major life activities when active.

C. Substantially Limits

An impairment that prevents the ability of an individual to perform one or more major life activities as compared to the general population when taking into consideration factors such as the nature, severity, duration and long-term impact of the condition. Such consideration must be regardless of any mitigating measures such as modifications, auxiliary aids or medications used to lessen the effects of the condition (except for use of ordinary eyeglasses or contact lenses).

D. Major Life Activities

1. Generally, caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, reaching, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, interacting with others, and working; and
2. The operation of a major bodily function, including functions of the immune system, special sense organs and skin; normal cell growth; and digestive, genitourinary, bowel, bladder, neurological, brain, respiratory, circulatory, cardiovascular, endocrine, hemic, lymphatic, musculoskeletal, and reproductive functions. The operation of a major bodily function includes the operation of an individual organ within a body system.

E. Essential Functions

The fundamental and primary job duties of a position. Considerations in determining whether a function is essential include such factors as the written job description; whether the reason the position exists is to perform that function; the limited number of employees available to perform that function; and the degree of expertise required to perform the function.

F. Qualified Individual

1. Under Title I, an individual with a disability who satisfies the requisite skill, experience, and education requirements for the position and who can perform the essential functions of the position held or applied for, with or without reasonable accommodation(s).
2. Under Title II, an individual with a disability who meets the essential eligibility requirements for the receipt of services or the participation in programs or activities provided by the LDEQ, with or without reasonable accommodation(s).

G. Reasonable Accommodations

1. Under Title I, a modification or adjustment to the work environment that will enable a qualified individual with a disability to participate in testing, application and/or the interview process; perform the essential functions of the job; or provide equal opportunity to the benefits and privileges of employment.
2. Under Title II, a modification that permits an individual with a disability to effectively communicate with the LDEQ and/or ensure equal opportunity relative to the LDEQ's programs, services, activities, and facilities.

H. Undue Hardship

An accommodation that would be unduly costly, extensive, substantial or disruptive, in light of factors such as the size of the agency, the resources available, and the nature of the agency's business operations.

I. Direct Threat

A significant risk of substantial harm to the health or safety of an individual with a disability or others that cannot be eliminated or reduced by reasonable accommodation.

J. ADA Coordinator

The LDEQ representative responsible for facilitating the interactive evaluation process relative to any request for accommodation, whose name and contact information is provided below.
