The Honorable Eddie J. Lambert, Chairman
c/o Committee Staff
Senate Committee on Environmental Quality

The Honorable Brett F. Geymann, Chairman
House Committee on Natural Resources and Environment
c/o Committee Staff

**RE: Summary Report for Proposed Rule AQ401
Regulatory Permit for Storage Vessels
(LAC 33:III.321)
Proposed on April 20, 2025**

Pursuant to the Louisiana Administrative Procedure Act, the Louisiana Department of Environmental Quality is submitting a report regarding the above-referenced proposed rule, which was published in the *Louisiana Register*. Comments were received. No changes have been made to the proposed rule since the report provided for in R.S. 49:966(B) was submitted. Attached are computer files comprising the summary report along with a copy of the notice of intent. The original proposed rule was previously provided to you and is not being resubmitted with this report.

We would appreciate it if you would acknowledge receipt of this message by return email. Please contact Laura Almond at (225) 219-3981 if you have any questions regarding this material.

Sincerely yours,

Jill C. Clark
General Counsel

This concludes this transmission.

Laura Almond
Environmental Project Specialist
Louisiana Department of Environmental Quality
Legal Affairs Division
(225) 219-3985

**Comment Summary Response & Concise Statement –
Regulatory Permit for Storage Vessels
LAC 33:III.321
Log Number AQ401**

- COMMENT 1: Under LAC 33:III.321.B, which contains provisions pertaining to regulatory permits for storage vessels, the current definition of “Storage Vessel” includes “any tank, reservoir, or container used for the storage of volatile organic compounds.” LAC 33:III.321.B. However, LAC 33:III.321.D lists several regulations pertaining to storage vessels with which permit holders must comply, some of which deal with inorganic and other compounds. *E.g.* 40 CFR 63 subpart NNNNN (“National Emission Standards for Hazardous Air Pollutants: Hydrochloric Acid Production”). Thus, although the current definition of “Storage Vessel” does not include storage of inorganic and other compounds, the regulatory requirements contemplate storage vessels containing inorganic compounds. This inconsistency is addressed by the Proposed Rule’s modification of the definition of a “Storage Vessel” in LAC 33:III.321.B to remove “volatile” and add “or inorganic”. This change will allow facilities to add a storage vessel that stores organic or inorganic compounds, which is more consistent with the other provisions of LAC 33:III.321 that reference standards for inorganic and other compounds. The Associations support the definition modification as proposed.
- FOR/AGAINST No arguments necessary; comment does not suggest amendment or change.
- RESPONSE 1: LDEQ appreciates the support.
- COMMENT 2: The Proposed Rule adds “and Kc” to LAC 33:III.321.D.2, incorporating the newly promulgated 40 C.F.R. 60 Subpart Kc. This amendment incorporates the 40 C.F.R. 60 Subpart Kc regulations into the requirements applicable to permit holders under LAC 33:III.321 for storage vessels. The incorporation promotes consistency between the state requirements and applicable federal regulations.
- FOR/AGAINST No arguments necessary; comment does not suggest amendment or change.
- RESPONSE 2: LDEQ appreciates the support.

* indicates a fast-track regulation

**Comment Summary Response & Concise Statement –
Regulatory Permit for Storage Vessels

Family Impact Statement

This proposed Rule has no known impact on family formation, stability, and autonomy as described in R.S. 49:972.

Poverty Impact Statement

This proposed Rule has no known impact on poverty as described in R.S. 49:973.

Small Business Analysis

This proposed Rule has no known impact on small business as described in R.S. 49:974.1 - 974.8.

Provider Impact Statement

This proposed Rule has no known impact on providers as described in HCR 170 of 2014.

Public Comments

All interested persons are invited to submit written comments on the proposed Rule. Persons commenting should reference this proposed Rule by HW138. Such comments must be received no later than June 10, 2025, at 4:30 p.m., and should be sent to William Little, Attorney Supervisor, Office of the Secretary, Legal Affairs Division, P.O. Box 4302, Baton Rouge, LA 70821-4302, by fax (225) 219-4068, or by E-mail to DEQ.Reg.Dev.Comments@la.gov. Copies of the proposed Rule can be purchased by contacting the LDEQ Public Records Center at (225) 219-3168. Check or money order is required in advance for each copy of HW138. The proposed Rule is available on the Internet at <https://deq.louisiana.gov/page/rules-regulations>.

Public Hearing

A public hearing will be held on June 3, 2025, at 1:30 p.m. in the Galvez Building, Oliver Pollock Conference Room, 602 N. Fifth Street, Baton Rouge, LA 70802. Interested persons are invited to attend in person or via Zoom at <https://deqlouisiana.zoom.us/j/6836133613?omn=94258719092> or by telephone by dialing (646) 255-1997 using the meeting ID 683 613 3613. Should individuals with a disability need an accommodation in order to participate, contact Doug Bordelon at the address given below or at (225) 219-1325.

The proposed Rule is available for inspection at the following LDEQ office locations from 8 a.m. until 4:30 p.m.: 602 N. Fifth Street, Baton Rouge, LA 70802; 508 Downing Pines Road, West Monroe, LA 71292; State Office Building, 525 Fairfield Avenue, Shreveport, LA 71101; 1301 Gadwall Street, Lake Charles, LA 70615; 111 New Center Drive, Lafayette, LA 70508; 110 Barataria Street, Lockport, LA 70374; 201 Evans Road, Bldg. 4, Suite 420, New Orleans, LA 70123.

Aurelia S. Giacometto
Secretary

FISCAL AND ECONOMIC IMPACT STATEMENT FOR ADMINISTRATIVE RULES

**RULE TITLE: One-Time Exclusion of Wastes for
Chevron Oronite Co LLC—Oak Point Plant**

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

There are no anticipated implementation costs as a result of the proposed rule change.

The proposed rule change seeks to exclude (delist) incinerator ash and scrubber mud generated by Chevron Oronite Co. LLC and disposed of in Landfills A, B, and C at its Oak Point Plant in Belle Chasse, Louisiana, from the hazardous waste regulations.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

There is no anticipated effect on revenue collections of state or local governmental units as a result of the proposed rule change.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS, SMALL BUSINESSES, OR NONGOVERNMENTAL GROUPS (Summary)

Assuming the delisting petition is granted, Chevron Oronite Co. LLC - Oak Point Plant will remove the material and send it to a permitted nonhazardous industrial solid waste landfill for disposal. This option may produce an economic benefit to Louisiana contractors. Chevron Oronite Co. LLC - Oak Point Plant also has the option for in-place management using alternate methods approved by the Louisiana Department of Environmental Quality (LDEQ). The remediation of the 200,500 cubic yards will benefit Chevron Oronite Co. LLC - Oak Point Plant by allowing its industrial property to be fully utilized.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

The effects on competition are negligible. The delisting facilitates the remediation of materials that have been determined not to exhibit hazardous waste characteristics. The removal and disposal activities related to the 200,500 cubic yards will involve short-term employment in environmental, laboratory, and construction-related fields.

Aurelia S. Giacometto
Secretary
25044030

Patrice Thomas
Deputy Fiscal Officer
Legislative Fiscal Office

NOTICE OF INTENT

**Department of Environmental Quality
Office of the Secretary
Legal Affairs Division**

**Regulatory Permit for Storage Vessels
(LAC 33:III.321) (AQ401)**

Under the authority of the Environmental Quality Act, R.S. 30:2001 et seq., and in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq., the secretary gives notice that rulemaking procedures have been initiated to amend the Air regulations, LAC 33:III.321 (AQ401).

This proposed Rule will add 40 CFR 60 Subpart Kc to the list of federal regulations to which a storage vessel may be subject. It will also clarify that a storage vessel can store either organic or inorganic materials. LAC 33:III.321.A.2.d specifies that the regulatory permit for storage vessels can only be used to authorize storage vessels that are subject to the federal regulations listed in LAC 33:III.321.D.

On October 15, 2024, the U.S. Environmental Protection Agency promulgated new regulations for storage vessels (i.e., 40 CFR 60 Subpart Kc - Standards of Performance for Volatile Organic Liquid Storage Vessels (Including Petroleum Liquid Storage Vessels) for Which Construction,

Reconstruction, or Modification Commenced After October 4, 2023).

This proposed Rule will add 40 CFR 60 Subpart Kc to the federal regulations listed in LAC 33:III.321.D so that new storage vessels can be authorized under the regulatory permit, where appropriate. The proposed Rule will also clarify that a *storage vessel* as defined in LAC 33:III.321.B can store either organic or inorganic materials. The basis and rationale for this Rule are to allow storage vessels subject to 40 CFR 60 Subpart Kc to be eligible for the regulatory permit for storage vessels. This proposed Rule meets an exception listed in R.S. 30:2019(D)(2) and R.S. 49:963.B(3); therefore, no report regarding environmental/health benefits and social/economic costs is required.

Title 33

ENVIRONMENTAL QUALITY

Part III. Air

Chapter 3. Regulatory Permits

§321. Regulatory Permit for Storage Vessels

A. - B. ...

Storage Vessel—any tank, reservoir, or container used for the storage of organic or inorganic compounds. Storage vessels do not include:

a. process tanks as defined in 40 CFR 60.111b; and

b. vessels permanently attached to motor vehicles such as trucks, railcars, barges, or ships.

C. - D.1. ...

2. 40 CFR 60, subparts Kb and Kc;

D.3. - I. ...

AUTHORITY NOTE: Promulgated in accordance with R.S. 30:2054.

HISTORICAL NOTE: Promulgated by the Department of Environmental Quality, Office of the Secretary, Legal Affairs and Criminal Investigations Division, LR 44:42 (January 2018), amended by the Office of the Secretary, Legal Affairs Division, LR 51:

Family Impact Statement

This Rule has no known impact on family formation, stability, and autonomy as described in R.S. 49:972.

Poverty Impact Statement

This Rule has no known impact on poverty as described in R.S. 49:973.

Small Business Analysis

This Rule has no known impact on small business as described in R.S. 49:974.1 - 974.8.

Provider Impact Statement

This Rule has no known impact on providers as described in HCR 170 of 2014.

Public Comments

All interested persons are invited to submit written comments on the proposed Rule. Persons commenting should reference this proposed Rule by AQ401. Such comments must be received no later than June 10, 2025, at 4:30 p.m., and should be sent to William Little, Attorney Supervisor, Office of the Secretary, Legal Affairs Division, P.O. Box 4302, Baton Rouge, LA 70821-4302, by fax (225) 219-4068, or by E-mail to DEQ.Reg.Dev.Comments@la.gov. Copies of the proposed regulation can be purchased by contacting the LDEQ Public Records Center at (225) 219-3168. Check or money order is

required in advance for each copy of AQ401. The proposed Rule is available on the Internet at <https://deq.louisiana.gov/page/rules-regulations>.

Public Hearing

A public hearing will be held on June 3, 2025, at 1:30 p.m. in the Galvez Building, Oliver Pollock Conference Room, 602 N. Fifth Street, Baton Rouge, LA 70802. Interested persons are invited to attend in person or via Zoom at <https://deqlouisiana.zoom.us/j/6836133613?omn=94258719092> or by telephone by dialing (646) 255-1997 using the meeting ID 683 613 3613. Should individuals with a disability need an accommodation in order to participate, contact Doug Bordelon at the address given below or at (225) 219-1325.

The proposed Rule is available for inspection at the following LDEQ office locations from 8 a.m. until 4:30 p.m.: 602 N. Fifth Street, Baton Rouge, LA 70802; 508 Downing Pines Road, West Monroe, LA 71292; State Office Building, 1525 Fairfield Avenue, Shreveport, LA 71101; 1301 Gadwall Street, Lake Charles, LA 70615; 111 New Center Drive, Lafayette, LA 70508; 110 Barataria Street, Lockport, LA 70374; 201 Evans Road, Bldg. 4, Suite 420, New Orleans, LA 70123.

Secretary

FISCAL AND ECONOMIC IMPACT STATEMENT FOR ADMINISTRATIVE RULES

RULE TITLE: Regulatory Permit for Storage Vessels

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)

There are no anticipated implementation costs or savings to state or local governmental units as a result of the proposed rule.

The proposed rule will modify the definition of a "Storage Vessel" in LAC 33:III.321.B to remove "volatile" and add "or inorganic" and add "and Kc" to LAC 33:III.321.D.2. This change will allow facilities to add a storage vessel that stores inorganic chemicals or is subject to 40 CFR 60 Subpart Kc regulations.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

To the extent that the Department of Environmental Quality (DEQ) increases the number of permits issued, a corresponding rise in revenue is anticipated. Additional application and permit fees are anticipated as a result of the proposed rule change. Facilities purchasing a permit for the first time will be subject to an initial fee of \$832 and an annual fee of \$250. DEQ currently issues approximately 20 regulatory permits for storage tanks per year. The number of new entities that would be required to obtain this permit is indeterminable.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS, SMALL BUSINESSES, OR NONGOVERNMENTAL GROUPS (Summary)

Owners and operators wanting to permit a storage tank that stores an inorganic chemical or is subject to 40 CFR 60 Subpart Kc by a regulatory permit will be directly affected by the proposed rule change. Additional application and permit fees are anticipated as a result of the proposed rule change. Facilities purchasing a permit for the first time will be subject to an initial fee of \$832 and an annual fee of \$250.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT
(Summary)

There is no estimated effect on competition or employment in the public or private sector as a result of the proposed rule.

Aurelia S. Giacometto
Secretary

Patrice Thomas
Deputy Fiscal Officer
Legislative Fiscal Office

NOTICE OF INTENT

**Department of Environmental Quality
Office of the Secretary
Legal Affairs Division**

**Standards for the Use or Disposal of Sewage Sludge
and Biosolids (LAC 33:IX.Chapter 73) (WQ113)**

Under the authority of the Environmental Quality Act, R.S. 30:2001 et seq., and in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq., the secretary gives notice that rulemaking procedures have been initiated to amend the Water Quality regulations, LAC 33:IX.Chapter 73 (WQ113).

The proposed Rule will update Chapter 73 of the Water Quality regulations. These updates will provide needed clarification regarding ponds used for the treatment of sewage sludge, provide additional oxidation pond closure options, and make the regulations easier to read and navigate by the public and intra-agency personnel. In addition, financial assurance requirements are being removed as they are not required by the Environmental Protection Agency or by the Louisiana Revised Statutes. The basis and rationale for this proposed Rule are to clarify, change/edit, and reformat the Chapter 73 regulations. This proposed Rule meets an exception listed in R.S. 30:2019(D)(2) and R.S. 49:963.B(3); therefore, no report regarding environmental/health benefits and social/economic costs is required.

Title 33

ENVIRONMENTAL QUALITY

Part IX. Water Quality

**Subpart 3. Louisiana Sewage Sludge and Biosolids
Program**

**Chapter 73. Standards for the Use or Disposal of
Sewage Sludge and Biosolids
[Formerly Chapter 69]**

Subchapter A. Program Requirements

§7301. General Provisions

A. - A.1.b.ii. ...

iii. the siting, and operation requirements for commercial preparers of sewage sludge or land appliers of biosolids; and

iv. - A.2.b.iii. ...

B. General Definitions

1. The following terms used in this Chapter shall have the meanings listed below, unless the context clearly indicates otherwise, or the term is specifically redefined in a particular Section.

Biosolids—sewage sludge, or material derived from sewage sludge, that is nonhazardous, has a PCB concentration of less than 50 mg/kg of total solids (dry

weight), and is prepared to meet one of the pollutant requirements of LAC 33:IX.7303.C.2.a or E.1.c, one of the pathogen requirements in LAC 33:IX.7309.C, and one of the vector attraction reduction requirements in LAC 33:IX.7309.E.

Class B Biosolids—biosolids that do not meet one or more of the following requirements:

- i. the pollutant concentrations in Table 3 of LAC 33:IX.7303.F;
- ii. the pathogen requirements in LAC 33:IX.7309.C.1;
- iii. one of the vector attraction reduction requirements in LAC 33:IX.7309.E.2.a-e; and/or
- iv. a PCB concentration of less than 10 mg/kg of total solids (dry weight basis).

Exceptional Quality Biosolids—biosolids that are nonhazardous and meet the ceiling concentrations in Table 1 of LAC 33:IX.7303.F, the pollutant concentrations in Table 3 of LAC 33:IX.7303.F, the pathogen requirements in LAC 33:IX.7309.C.1, and one of the vector attraction reduction requirements in LAC 33:IX.7309.E.2.a-e, and that have a PCB concentration of less than 10 mg/kg of total solids (dry weight).

Person—any individual, municipality, public or private corporation, partnership, firm, the United States Government, and any agent or subdivision thereof, or any other juridical person, which shall include, but not be limited to, trusts, joint stock companies, associations, the state of Louisiana, political subdivisions of the state of Louisiana, commissions, and interstate bodies.

Sewage Sludge Generator—any person whose act or process produces sewage sludge (as defined in this Section).

Sewage Sludge Receiving Facility—any facility, public or private, that receives hauled sewage sludge from an authorized sewage sludge transporter.

Sewage Sludge Transporter—a person who pumps or moves sewage sludge off-site by means of land-based vehicles, barges, ships, rails, pipelines, or other modes of transportation. For oxidation ponds/lagoons/surface impoundments, this includes the removal of the sewage sludge from the oxidation ponds/lagoons/surface impoundments to the levees surrounding the oxidation ponds/lagoons/surface impoundments.

Transporter of Sewage Sludge—Repealed.

C. - C.1. ...

2. Frequency of Monitoring, Recordkeeping, and Reporting. The requirements for frequency of monitoring, recordkeeping, and reporting in this Chapter for total hydrocarbons in the exit gas from a sewage sludge incinerator are effective February 19, 1994, or if compliance with the operational standard for total hydrocarbons in this Chapter requires the construction of new pollution control facilities, February 19, 1995. All other requirements for frequency of monitoring recordkeeping, and reporting in this Chapter are effective on July 20, 1993.
