FOR ADMINISTRATIVE RULES  
RULE TITLE: Hazardous Waste Pharmaceutical Rule**

**I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO  
STATE OR LOCAL GOVERNMENTAL UNITS (Summary)**

There are no estimated implementation costs or savings to state governmental units as a result of the proposed rule change.

The proposed rule change makes the following changes:

1) Adopts the mandatory and optional portions of the Federal Management Standards for Hazardous Waste Pharmaceuticals.

2) Adopts the Amendment to the P075 listing for Nicotine, which exempts nicotine replacement therapies like gums, patches, and lozenges from the Federal Hazardous Waste Pharmaceutical list.

3) Establishes new management standards for pharmaceuticals by healthcare facilities and reverse distributors, rather than treating them as traditional hazardous waste.

4) Prohibits the disposal of hazardous waste pharmaceuticals down the drain.

5) Eliminates dual regulation of Resource Conservation and Recovery Act (RCRA) hazardous wastes that are also Drug Enforcement Administration-controlled substances under a conditional exemption.

6) Maintains the household hazardous waste exemption for pharmaceuticals collected during pharmaceutical take-back programs and events, while ensuring their proper disposal, and codifies EPA's prior policy on the regulatory status of nonprescription pharmaceuticals going through reverse logistics.

**II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE  
OR LOCAL GOVERNMENTAL UNITS (Summary)**

There is no anticipated effect on revenue collections of state or local governmental units resulting from this proposed rule change.

## NOTICE OF INTENT

### Department of Environmental Quality Office of the Secretary Legal Affairs Division

#### Notification and Permit Transfer Procedures for Changes to Company/Facility Name and Ownership/Operator (LAC 33:I,Chapter 19)

Under the authority of the Louisiana Environmental Quality Act, R.S. 30:2001 et seq., and in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq., the secretary gives notice that rulemaking procedures have been initiated to amend the Office of the Secretary regulations, LAC 33:I,Chapter 19 (OS099).

The proposed Rule seeks to modify existing regulations by clarifying the applicability and addressing other items in order to minimize the number of deficient or incomplete forms submitted to the department.

The Permit Application and Administrative Review group (PAAR) with the Public Participation and Permit Support Division is responsible for processing Notification of Change forms according to LAC 33:I,Chapter 19. Due to the lack of specificity in the current regulation, many applicants submit applications that are incomplete or request action on activities not covered in the regulation. This results in a high percentage of applications requiring deficiency letters or additional clarification. The proposed Rule seeks to address these issues. The basis and rationale for this proposed Rule are to provide clarification and better customer service, clarify expectations, and provide these services more effectively and efficiently. This Rule meets an exception listed in R.S. 30:2019(D)(2) and R.S. 49:963.B(3); therefore, no report regarding environmental/health benefits and social/economic costs is required.
