NetDMR Hands on Training and Registration Assistance scheduled at LDEQ

BATON ROUGE - The Louisiana Department of Environmental Quality is offering Hands on Training and Registration Assistance for permittees on the use of the NetDMR online application for the submission of discharge monitoring reports. A discharge monitoring report, known as a DMR, is a self-reporting document generated by permittees who have a Louisiana Pollutant Discharge Elimination System permit.

Hands on training will use the practice version of NetDMR to provide permittees and data providers with an overview of the NetDMR application. Participants will walk through registering for a practice account, entering data, and signing and submitting a DMR online. It is held in a computer lab setting to allow for hands on experience using NetDMR.

CDX/NetDMR Registration Assistance will consist of LDEQ staff working one-on-one with permittees to set-up accounts in the official version of NetDMR. The staff will help the permittees establish their username and password at the CDX level and request access to their permit(s) at the NetDMR level. The session will be conducted in a computer lab setting to allow for the one-on-one assistance. Users who need help with already existing accounts are also welcome to attend.

Classes are scheduled as follows at LDEQ Headquarters, 602 N. 5th St., Baton Rouge.

NetDMR Hands on Training	March 28	8 to 11:30a.m. and 12:30 to 4p.m..
CDX/NetDMR Registration Assistance	April 16	9 to 11a.m. and 1 to 3p.m.
NetDMR Hands on Training	May 21	8 to 11:30a.m. and 12:30 to 4p.m.
CDX /NetDMR Registration Assistance	June 20	9 to 11a.m. and 1-3p.m.

Registering is required as space is limited. To register, please email: deqnetdmr@la.gov. To find out more information on the NetDMR program, please go to: www.deq.louisiana.gov/netdmr
